KENZO windows and doors are made of strong, lightweight aluminium-alloy frames. They require limited maintenance and never need to be painted – the perfect combination of durability, energy-efficiency and affordability.

All products are SANS 613 certified and compliant.

HORIZONTAL GLIDING RANGE

Horizontal windows provide effective ventilation where external space is limited. Design simplicity and few moving parts make these windows more durable than conventional windows. Ideal for wide openings, the advanced gliding mechanism requires very little effort to open or close.

- Available in standard sizes, but non-standard sizes can be ordered at an additional cost.
- High security locking mechanism included.
- Recessed finger-latches also included.

If used next to an Entrance door or a Fold-a-side door, please order part number: SLADAPTORB (where B indicates colour) from our estimation department, to ensure ease of installation.

### ALL DOORS IN THIS RANGE ARE

- All doors are supplied with secure, lockable handles.
- Two-panel sliding doors are universally handed to allow for either left-hand or right-hand opening.
- All doors are fitted with 5mm toughened safety glass.
When opened, these doors create the maximum possible opening you can get. It’s the perfect way to extend your kitchen, sun room, lounge or bedroom. The doors are divided into sections, with choices ranging from a three-panelled door to a much wider six-panelled door.

- When ordering please specify whether the door must stack to the left or right when viewed from the outside.
- All doors open outwards.
- It is not necessary to open the entire span for access. The first leaf functions as a single (traffic) door and opens independently.

All doors are available with 5mm toughened safety glass. Glass to be order separately.

FOLD-A-SIDE DOOR RANGE

3-door
1800w x 2100h
2100w x 2100h

4-door
2400w x 2100h
2800w x 2100h

5-door
3000w x 2100h
3500w x 2100h

6-door
3600w x 2100h
4200w x 2100h

6-door centre
3600w x 2100h
4200w x 2100h

ALL DOORS IN THIS RANGE ARE SANS 613 CERTIFIED
FOLD-A-SIDE DOOR RANGE

Fold-A-Side doors are available in 700mm or 600mm door widths. All doors are 2100mm in height; you can have a maximum 4200mm span in our standard range. This door range has been carefully developed to replace old sliding doors.

700 SERIES

3, 4, 5, and 6-door configurations are available in either left-hand or right-hand opening.

600 SERIES

3, 4, 5, and 6 door configurations are available in either left-hand or right-hand opening.
The KENZO range of entrance doors can be used in a wide range of applications, such as front doors, balcony doors, office doors and even internal doors.

- Open-out doors have a bottom weatherproof sill fitted in the frame.
- Open-in doors require the builder to weatherproof below the door.

Kenzo offers a range of clear glass shower doors to suit any size bathroom.

From our closed and corner units to full glass panels, this range is popular not only for its aesthetic appeal, but for its exceptional quality and longevity.
The Swartland story began back in 1951 with Oupa Hanekom in the small town of Moorreesburg – a few wheat fields north of Cape Town.

When his son, Oom Jurgens, took over the reins, he introduced his personal philosophy of “continuous improvement” to the business.

Today under the leadership of Jurie, James and Hans Hanekom, this desire to improve constantly is an integral part of the Swartland culture. It’s a place where traditional values such as hard work and pride live in harmony with new technology and inspired ideas.

The results speak for themselves: our products are crafted to perfection, manufactured to last and backed by knowledgeable national sales and service teams.
